FULL STACK DEVELOPER

Highly motivated and skilled **MERN** stack developer with a profound passion for **React**. Seeking a challenging career opportunity where I can leverage my expertise in building dynamic and innovative web applications. Committed to delivering exceptional user experiences and continuously enhancing my technical prowess to contribute effectively to cutting-edge projects and team success.

TECHNICAL SKILLS

Languages	:	JavaScript , Java , HTML , CSS , C , C++
Frameworks	:	React.js , Express , Node.js , TailwindCSS
Libraries	:	Redux, React Router, Mongoose
Databases	:	MongoDB, PostgreSQL
Dev Tools	:	Visual Studio Code, Git, Eclipse

EDUCATION

LDRP Institute of Technology and Research   Ahmedabad, Gujarat, India
Bachelor of Engineering in Information Technology - CPI: 8.95   *Oct 2020 – March 2024(expected)*

Adani Vidya Mandir   Ahmedabad, Gujarat, India
12 Science - Percentage: 93.2 | 10th - Percentage: 88.6   *2020*

PROJECTS

Volunify - Volunteer Management System   *React.js, Node.js, Express, Mongodb, TailwindCSS*   Source Code

- Volunify enables effortless coordination between event organizers and volunteers through an intuitive web application.
- Leveraging React's useContext hook, Volunify efficiently manages state across components, promoting code **modularity and reusability**.
- Volunify employs JSON Web Tokens **(JWT)** for secure user **authentication**. Upon login, users receive a JWT, which is then included in subsequent requests for role-based authorization, ensuring **data privacy** and appropriate access control.
- Employs Node.js with Express to expose a **RESTful** API supporting CRUD operations for event management.

Furniture Selling Web App   *React.js, Redux, TailwindCSS, Router*   Source Code

- Designed and developed a clean and modern React Application using **React, Routers, and TailwindCSS**
- Implemented various reusable **React components** to enhance code modularity and maintainability.
- Utilized Redux for state management and React router for navigation.

Task Manager   *Node.js, Express, JavaScript, Git*   Source Code

- A **CRUD application** exposed using a RESTful API made with Node.js
- Exposed POST, GET, PATCH and DELETE HTTP methods using **Express**

CERTIFICATIONS AND ACHIEVEMENTS

- Advanced React course by Meta (Coursera) | Completed on July 27 2023
- Certificate in Java Programming from Udemy | Completed on Dec 8 2022
- Certificate in DSA from Udemy | Completed on Feb 15 2022
